Introduction

- Enclosed is the weekly Treasury Single Account ("TSA") cash flow report and supporting schedules with weekly YTD FY2020 actual results compared to the FY2020 Liquidity Plan and FY2019 actual results.
- TSA is the Commonwealth's main operational bank account (concentration account) in which a majority of receipts from Governmental funds are deposited and from which most expenses are disbursed.
- Receipts in the TSA include tax collections (including revenues assigned to certain public corporations and pledged for the payment of their debt service), charges for services, intergovernmental collections (such as reimbursements from Federal assistance grants), the proceeds of short and long-term debt issuances held in custody by the Secretary of Treasury for the benefit of the Government fiduciary funds, and other receipts. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.
- Disbursements from the TSA include payroll and related costs, vendor and operational disbursements (including those reimbursed by Federal assistance grants and funded from Special Revenue Funds), welfare expenditures, capital outlays, debt service payments, required budgetary formulas and appropriation payments, pass-through payments of pledged revenues to certain public corporations, tax refunds, payments of current pension benefits and other disbursements.
- Federal funds related to disaster relief for hurricanes Irma and Maria are deposited in a separate bank account overseen by the Government Authorized Representative ("GAR"). Funds may be transferred to the TSA either: (i) after admissible disbursements (per approved Project Worksheets) have been made or (ii) once supporting documentation for an accrual or related expense are provided to and approved by FEMA. Therefore, FEMA funding may also be received in advance of actual cash disbursement, as payments to vendors may occur subsequent to when the corresponding services are rendered / expenses are recorded.
- Data limitations and commentary:
 - The government has focused on cash transaction information for which access to reliable, timely, and detailed data is readily available. The government continues to work with DTPR and other parties to access additional reliable data that would help to provide additional detail in the future.
- Complete cash data has not yet been obtained as of the date of this report due to the closure of all non-essential governmental operations as part of the lockdown that has been in place since March 15, 2020 at 6:00 PM. The closure was called by Executive Order #2020-023, which aims to thwart the spread of COVID-19 in Puerto Rico. Executive Orders #2020-29, #2020-33, and #2020-34, #2020-38, and #2020-41 extended the lockdown. It will continue through June 15, 2020, albeit on increasingly less strict terms as a phased "reopening" begins. As a result, some government employees are working from home and may not have access to relevant systems to provide the necessary data to produce the complete TSA Cash Flow Report. The impact of the Executive Orders and COVID-19 on revenue of government operations, collection of these revenues, and disbursement of funds is being evaluated.

Cash Flow line item	Variance Bridge (\$M)	Comments
Liquidity Plan Projected Cash Balance, 5/22/20	\$ 8,897	1. As of the date of this report, YTD variance is mainly driven by the Department of Education and the Health Department. There has also been a \$135M build in AP since the lockdown was imposed on March 15, 2020. This signals invoice processing delays due to COVID-19 and the imposed lockdown may be driving an additional slowdown in vendor disbursements.
1 GF Vendor Disbursements	355	
2 GF Appropriations	267	
3 Tax Refunds	(72)	
4 State Collections	(1,556)	
All Other	163	2. The favorable variance in General Fund appropriations is due to DTPR withholding the ASES December through May GF appropriations (\$459M). ASES currently has adequate cash on-hand to cover immediate and near-term expenses. This was partially offset during the week ended April 10, 2020 by \$100M COVID-related support to various municipalities.
Bank Cash Position	\$ 8,053	3. Tax refunds variance is driven by \$75M of direct payments to self-employed individuals as part of the COVID-19 Emergency Measures Support Package. 4. State collections are approximately \$1,556M behind plan. The main driver is underperformance related to reduced economic activity as a result of the COVID-19 global pandemic. Additionally, portions of the YTD variance are driven by temporary operational delays in sweeping cash from the main collection account into the TSA and this difference is expected to be offset in future months.

YTD TSA Cash Flow Summary - Actual vs LP

YTD Actuals vs. Liquidity Plan

YTD net cash flow is \$827M and cash flow variance to the Liquidity Plan is -\$844M. Lower than expected cash flow is largely due to the impact of the COVID-19 crisis on state revenues.

YTD Cash Flow Summary - TSA Cash Flow Actual Results

Net Cash Flow - YTD Actuals

- 1.) State fund cash flows account for the majority of the cash build with the primary positive drivers being strong General Fund collections and on-budget spending. Federal Fund inflows of \$6,375M represent 39% of YTD inflows, but are largely offset by Federal Fund disbursements, with YTD net surplus of \$26M (Refer to page 13 for additional detail).

Net Cash Flow YTD Variance - LP vs. Actual

- 1.) The negative variance in YTD collections is mainly driven by underperformance related to reduced economic activity as a result of the COVID-19 global pandemic. Additionally, portions of the YTD variance are driven by temporary operational delays in sweeping cash from the main collection account into the TSA and this difference is expected to be offset in future months.

FY20 TSA Cash Flow Actual Results - Footnotes

Footnotes:

- (a) Represents FY2019 actual results through May 24, 2019
- (b) Represents gross tax collections received and deposited from all Hacienda Collection Posts, through the Hacienda Colecturia Virtual (online) and/or SURI. Additionally, as of the date of this report, the "General Fund Collections" line item includes unreconciled collections due to DTPR transition to collecting various gross tax receipts through the new SURI system. The transition from the Hacienda Colecturia collections system to SURI is ongoing and as such, revenue concept detail for the general tax SURI collections is not available at this time for the portion of collections received by the new general tax SURI account. This resulted in timing-related unreconciled gross collections which will be retroactively allocated to "General Collections" as appropriate once this information becomes available.
- (c) These revenues are collected by DTPR and immediately appropriated.
- (d) Inflows related to the State Insurance Fund, the Department of Labor and Human Resources, the Commissioner of Financial Institutions, interest earned on TSA bank accounts and others. As of the date this report the TSA has received \$92M in interest income in FY20 from earnings on the TSA cash balance.
- (e) Represents total gross payroll. Gross payroll includes net payroll disbursed to government employees, cash transfers to the Police Department for payroll costs, and other payroll related costs (employee withholdings, social security, insurance, and other deductions).
- (f) Includes payments to third-party vendors as well as intergovernmental payments to agencies with separate Treasuries.
- (g) Includes Federally Funded Employee Retention Credits.
- (h) Excludes BPPR Clawback Accounts (for clawback revenues prior to June 2016) of \$147M.

General Fund Collections Summary

Key Takeaways / Notes

- 1.) GF Collections have slowed due to the COVID-19 outbreak and imposed lockdown. Additionally, the lockdown has temporarily lengthened the process of reconciling and transferring collections held in a sweep account to the TSA from two days to approximately a week. There are currently \$834M in collections in the sweep account pending reconciliation and transfer to the TSA. Due to the on-going transition of various gross tax collections from Hacienda Colecturia to SURI, revenue concept detail for general tax SURI collections from May 1, 2020, through the date of this report is not available at this time. Other General Fund revenue includes receipts that have not been allocated to other concepts and this amount is approximately \$389M as of the date of this report. This will be retroactively allocated once information becomes available.

YTD Federal Funds Net Cash Flows (\$M)

Footnotes

- (a) Please note that federal fund classification as represented here is based on the fund classification at the point of transaction. Agencies regularly review cash transactions and make accounting adjustments that result in fund reclassifications.
- (b) Note that the Liquidity Plan will generally project a YTD deficit each week for Medicaid and FEMA / Disaster funding. This is due to surpluses carried forward from FY19 (FY19 federal receipts in excess of FY19 federal fund outlays) that were assumed to unwind throughout the first quarter of FY20 as funds received in FY19 were utilized, thus resulting in projected net cash flow deficits for the full year FY20 in Medicaid funding (\$46M) and FEMA / Disaster Funding (\$108M). Aside from the two projected aforementioned cash flow deficits, all other federally funded cash flows are assumed to result in zero net cash flow for the full FY20, and week-to-week variations are assumed to be timing related.

Payroll / Vendor Disbursements Summary

Key Takeaways / Notes : Gross Payroll

- 1.) As of the date of this report, YTD variance is mostly due to the timing and will be offset in future weeks. Police payroll variance is partially due to a \$46.6M transfer from the TSA to the Police Department for payments to officers as part of the FOMB-approved COVID-19 Emergency Measures Support Package.

Gross Payroll (\$M) (a)(b)

Agency	YTD Variance
Department of Education	\$ 83
Police	(23)
Department of Correction & Rehabilitation	(36)
Department of Health	(36)
All Other Agencies	(27)
Total YTD Variance	\$ (39)

Key Takeaways / Notes : Vendor Disbursements

- 1.) YTD variance is mainly driven by the Department of Education and the Health Department. There has also been a \$135M build in AP since the lockdown was imposed in March. This signals invoice processing delays due to the imposed lockdown may be driving an additional slowdown in vendor disbursements.

Vendor Disbursements (\$M)

Agency	YTD Variance
Department of Education	\$ 709
Department of Health	166
Department of Correction & Rehabilitation	34
Department of Justice	12
General Court of Justice	(4)
All Other Agencies	549
Total YTD Variance	\$ 1,466

Footnotes

- (a) Gross Payroll is equal to the sum of: (i) Net Payroll by Agency from the DTPR RHUM system; (ii) Other Payroll and (iii) Cash outlays for wage garnishments by Agency.
(b) Central government Christmas Bonus was issued on 11/27/2019 and it is included in payroll for the week ended 11/29.

Appropriations Summary

Key Takeaways / Notes

- 1.) General Fund appropriations are generally executed throughout the year on a consistent basis each month and therefore largely in line with forecast. Federal legislation under the Bi-Partisan Budget Act of 2019 (passed in December 2019), allocates an incremental \$5.7 billion in Medicaid funding to Puerto Rico over the next two years. This incremental federal funding will likely cause the federal fund appropriation to exceed the FY20 budget. Note that the additional funding does not result in additional net cash flow surplus, as any incremental funding received by the TSA will be passed through to ASES accordingly. ASEM is over budget due receiving an additional \$7.5M as part of the COVID-19 Emergency Measures Support Package. All other appropriations include additional Emergency Measures Support Package items, such as the total \$100M in Municipal Support that was disbursed to 78 municipalities during the first half of April 2020 and \$60M transferred to DDEC to make direct payments to small businesses.

Tax Refunds / PayGo and Pensions Summary

Key Takeaways / Notes : Tax Refunds

- 1.) YTD Employee Retention Credits were greater than projected, though there is no long-term net cash flow impact as all Employee Retention Credits issued are supported by federal fund inflows. Tax refunds in excess of Liquidity Plan are due to greater than expected refunds issued for 2018 tax returns.

Key Takeaways / Notes : Pension PayGo

- 1.) YTD Pension Paygo and Outflow variance is temporary, and is expected to reverse in subsequent weeks.
